# How to use LHF Gold Title Styles
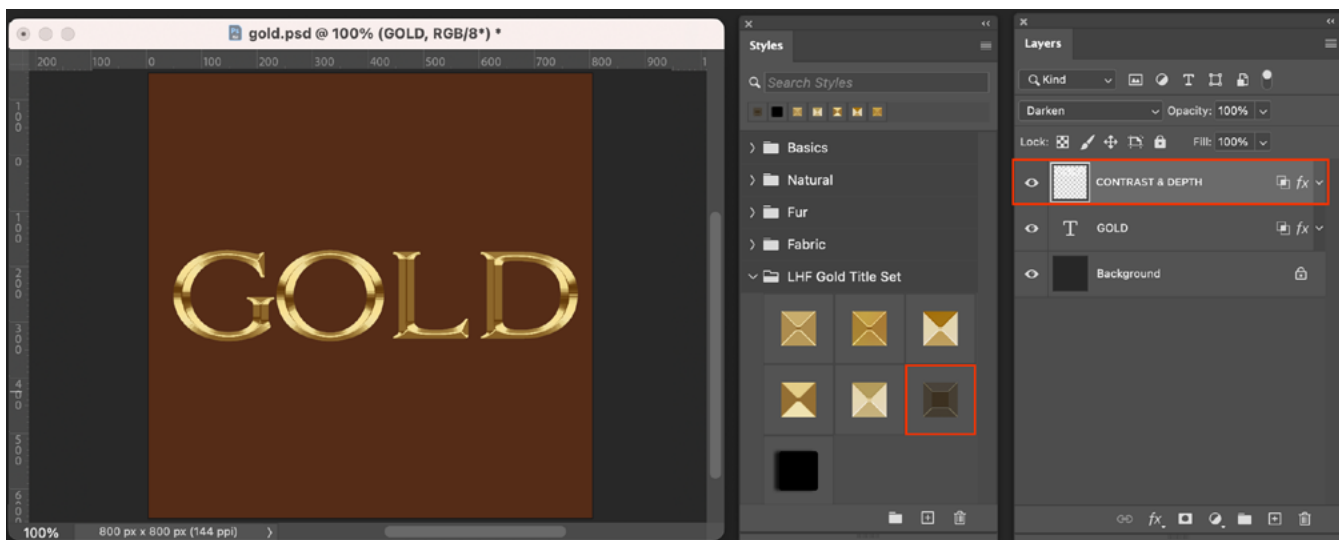

1 Once the **LHF Gold Title Set** Styles are loaded into Adobe Photoshop, type your desired text.

2 Select the Text Layer and click on the desired style to apply it to the text.

3 **Add Contrast & Depth:** Duplicate your original type layer, place it above your type layer, then click Style 6 ("Add Depth"). Adjust the layer's opacity and/or blend mode to your liking.

4 **Add Outline & Shadow:** Duplicate your original type layer, place it underneath your type layer, then click style 7 ("Outline & Shadow"). Adjust this layer's opacity and/or blend mode to your liking.
