

How to use LHF Counselor

LHF Counselor contains 7 stackable layering fonts. When stacked in proper order, they will create the following effect:

SIGNS

All LHF Counselor fonts layered

For best results, use the fonts in the following order from top to bottom:

LHF Counselor Outline 1

LHF Counselor Bevel

LHF Counselor Highlight

LHF Counselor Base

LHF Counselor Shadow Overlay

LHF Counselor Shadow

LHF Counselor Outline 2

Note that the LHF Counselor Outline 1 font is placed on top of the LHF Counselor Bevel font. The Outline font has been designed overlap past the Bevel font in order to hide slight imperfections at the edge of the bevel effect or anti-alias jaggedness.
